

Students,

Please note: Also as long as you complete your assignments, you will get points. If you do not complete them, or do not finish them, you will not get all the points. I enter point values every couple of days and then mark missing in Progress Book if you have not turned it in. This is simply a reminder to do the work. **I will still give FULL credit for work as long as you turn it in.**

All assignments will be posted on Google Classroom. All assignments will be turned in to Google Classroom. If you do not have the internet, there will be a pick up and drop off box at the high school for finished assignments.

If you need to reach me you can email me at orvl_jduxbur@tccsa.net or contact me through our classroom Remind. If you have a question you need answered, you can also contact me during office hours on Google Classroom (through Meet) at Tues 12 noon -2pm, Thurs 9-11am.

Remember- If you ever need help or have a question: email or remind...we can even set up a special Google Meet if you need.

The following are the assignments for the next three weeks, following the week of Spring Break.
